## TO RAZE WALLS AND ERECT A NEW BUILDING

Rush County National Bank Will Let  
Contract For Wrecking Fire-Dam-  
aged Structure Soon

AN ARCHITECT IS ENGAGED

Present Plans Call For Two-Story  
Building if Odd Fellows Agree to  
Change in Plans

LODGE ON SECOND FLOOR

Will Probably Not Object Though  
Contract Calls For Owner to Erect  
Two Stories

The contract for razing the north and east walls of the Odd Fellow building, which was almost demolished by fire Friday, January 25, will be let within a few days by the Rush County National bank, which purchased the site several days ago, and actual work in preparation for the erection of a new building during the spring and summer will get under way.

Present plans call for the building of a two-story structure, the bank to occupy most of the first floor and the Odd Fellow Lodge all of the second floor. No definite agreement or contract to this effect has been made, however.

Three wrecking contractors from Indianapolis and one from Cincinnati have been here during the past week to view the fire ruins and are preparing figures on the job.

McGuire and Shook, architects, of Indianapolis, have been commissioned it is stated, to prepare plans for the proposed new building, but no plans will be definitely agreed upon or accepted until the bank and the Odd Fellows come to some definite agreement.

The deed to the ground and building, which was first executed during the civil war, provides that the Odd Fellow Lodge may have a perpetual lease on the third floor of the building for use as a lodge room, and that in case of fire, the owner shall erect the first two stories of the new building, and the lodge shall have the privilege of building the third story.

That consideration was included in the deed when the property was transferred to the present owner, and if only a two-story building is constructed, the Odd Fellows erecting the second story, it will be done only after the Odd Fellows make the concession and consent to the bank building one story instead of two.

It is asserted that the Odd Fellows

## HOUSE PROGRESSIVES SWITCH ALLEGIANCE

Agree at Conference to Support  
Longworth Compromise if Organ-  
ization Yields To Cut

WOULD REDUCE NORMAL RATE

Washington, Feb. 28—Progressive forces in the house today switched suddenly and agreed to join against leaders in a compromise to make the tax bill a "republican" measure if their demands for normal income tax rates are met.

At a conference of the Progressive bloc, it was agreed to support the Longworth compromise of 37 1/2 percent as the maximum surtax rates, if the organization leaders would yield to a five percent normal rate on incomes between \$4,000 and \$8,000, instead of 6 percent as Longworth proposes.

Republican leader Longworth will meet the Progressive leaders late today. After the compromise is effected the Garner democrat rates will be knocked out of the bill on the final vote tomorrow.

The Longworth compromise provides for a flat 25 percent cut in income tax rates. The maximum rate of 37 1/2 percent is on incomes of \$200,000 or more. The Garner maximum is 34 percent on incomes of \$94,000.

## TAX PROGRAM PRESENTED

Complete Reform Proposed For Bill  
In Next Legislature

Indianapolis Ind., Feb. 28—A complete tax reform program was presented to the board of directors of the state chamber of commerce today by the organization committee on taxation.

The program, the result of four months of work by experts, will be written into the bill to be presented to the next legislature.

The report insists that any tax policy must be accepted by "the most rigid and exacting economy in the making of appropriations and expenditures of public funds."

## SEN. UNDERWOOD TALKED TO WALSH

Democratic Candidate For President  
Asked Oil Scandal Prober if Mc-  
Lean Would Be Called

SECOND ONE TO BE INVOLVED

A. Mitchell Palmer, Wilson's Attor-  
ney General, to be Questioned  
About His Part in Program

(U. P. Staff Correspondent)

Washington, Feb. 28—Another presidential candidate, Senator Oscar W. Underwood of Alabama, was definitely involved today in the senate inquiry into the oil scandal.

Underwood's name was first brought in when the senate committee found a telegram to E. B. McLean, Washington publisher, from one of his employees here, stating that A. Mitchell Palmer, former attorney general, was going to ask Underwood to "work on" Senator Walsh, leading investigator of the committee, to get him to refrain from questioning McLean about a \$100,000 loan to Fall.

Walsh at first denied that Underwood had ever mentioned McLean to him, but this morning revealed a conversation, he said he had forgotten, but which Underwood reminded him of. Underwood in that conversation asked Walsh whether McLean would be called. Walsh said the committee had authorized him to go to Palm Beach to question McLean.

Underwood was mentioned again in a telegram to McLean from an employee on the Washington Post, McLean's paper, saying that Senator Curtis and Lenroot had advised that Underwood be seen, in an effort to have Walsh called off. In this telegram it was added, however, that the effort through Underwood was not considered of any use.

Production of this evidence thus definitely puts Underwood's name among those who were to be approached in an effort to halt the oil investigation at the very time it was on the eve of disclosure, which later opened up the whole scandal. It came just after the committee had decided to question Palmer about his part in what some committee members feel was a definite attempt to stifle the whole inquiry.

Former Attorney General, A. Mitchell Palmer, will appear before the committee tomorrow morning, it was decided after a conference between Senators Dill, Walsh and Lenroot, and Palmer.

## CARTHAGE MAN GIVEN A CHANCE

Farm When Arraigned Today

ACCUSED OF STEALING COAL

Court Finds For Defendant in Case  
in Which Judgment Was Sought  
For Loss From Stock

Samuel T. Deweese, age 43, of Carthage, who faced a charge of larceny in the circuit court, appeared this morning and entered a plea of guilty before Judge Sparks, and received a fine of \$1 and costs, and a sentence of six months at the penal farm, which was suspended during good behavior.

The defendant was accused of stealing coal from the Big Four railroad and he was arrested several weeks ago upon complaint of Capt. Neil of the detective force.

In the circuit court Wednesday Judge Sparks found for the defendant in the case of Florence L. Wilhelm, et al., against Corte Oldham a suit for damages in which the plaintiff was attempting to secure judgment for loss alleged to have been sustained by having stock enter a field of growing corn. The case was appealed here from George Clarke's court Justice of the Peace in Center township, and in the court here the plaintiff was also refused judgment.

Principal Speaker Before Weekly  
Kiwanis Meeting

C. M. GEORGE GREETES GUESTS

The Rushville Kiwanis Club today honored the business men of Rushville township, at their weekly luncheon, which is a custom that is being carried out by the club of having the various townships represented at regular intervals.

Dr. H. H. Halley, Bible reader, was the principal speaker at the club today, and provided many readings that brought much praise from the club.

C. M. George extended the welcome to the visiting farmers, and each responded with a few remarks. Frank Wilson of this city was also a guest at the luncheon today, and spoke briefly, recalling the fact that today was the anniversary of his business career in Rushville. He said that just forty-nine years ago today he started in the clothing business here, and now ranks as one of the pioneer merchants.

## TRACE MOVEMENT OF PAIR

Chicago Police Endeavor to Unravel  
Duffy Murder Mystery

Chicago, Feb. 28—Tracing step by step the movements of John Duffy and his newly wedded wife, Maybelle Exley Duffy, police examined new witnesses in their probe of the killing of the underworld pair.

Julian Kauffman, 25, son of a wealthy commission merchant and named by other witnesses as Duffy's last companion on the night of the double murder, vigorously denied any connection with the crime. His story, however, was not entirely satisfactory, police said, as he was held pending further developments.

## DAUGHERTY SAYS HE'S NO QUITTER

Attorney General Promises to Issue  
Statement in Chicago When he  
Hears From Washington

ON GOVERNMENT BUSINESS

Heartened by Telegrams of Confi-  
dence From All Parts of Country  
—Going to Miami, Florida

By JOHN NIMICK  
(U. P. Staff Correspondent)

Chicago, Feb. 28—"I'm no quitter" Attorney General Harry M. Daugherty told the United Press when he arrived here today for a conference with federal officials conducting the grand jury investigating the United States Veterans Bureau.

Daugherty was greatly heartened by telegrams of confidence from all parts of the country.

"A winner never quits; a quitter never wins," one telegram stated and Daugherty showed it with pride. "That's my position," he said. "I'm no quitter."

Daugherty arrived in Chicago at 9 a. m., and went at once to the federal building for conferences with his aides. He put up at the Union League Club, where he probably will remain until he leaves Chicago for Miami, Fla., to visit his invalid wife.

A small army of photographers and newspapermen greeted the attorney general on his arrival here. He laughingly posed for a picture with Julius Krim, special prosecutor for the government in the Veterans Bureau case.

Daugherty showed impatience with the whirl of questions hurled at him by the newspapermen.

"I will issue a statement later," he said. "I am here on government business and therefore I cannot discuss it."

When asked whether he had an appointment with Silas Strawn, Chicago attorney, who was selected and then rejected as government attorney in the Teapot Dome scandal, he replied sharply:

"Gentlemen, there is no use cross-examining me. I shall say what I have to say later."

"I will issue a statement indicating my position in this case as soon as I have read some telegrams I'm expecting from Washington," Daugherty said referring to reports that he was about to resign from President Coolidge's cabinet.

After a hasty conference at the district attorney's office, Daugherty will take a train for Miami, Fla., where his wife is ill.

By A. L. BRADFORD  
(U. P. Staff Correspondent)

Washington, Feb. 28—Administration leaders will put Attorney General Daugherty on trial before some congressional tribunal before long.

After he has had a hearing, President Coolidge will ask him to resign on advice of his closest political lieutenants.

From authoritative sources it was learned that this is the president's intention regarding the attorney general who left Washington with dramatic suddenness yesterday, leaving behind him a debt to his enemies in which he said:

"It is not my purpose even to consider tendering my resignation as attorney general until after fair hearing on charges preferred against me."

Whether Daugherty will be investigated by a senate committee under the Wheeler resolution or called to the bar of the senate in impeachment proceedings is to be decided today.

## TO GIVE PROGRAM AT CONNERSVILLE

Jess Pugh And Mrs. Horace Ingram  
to Provide Entertainment at Ki-  
wanis "Ladies Night"

AT BROOKVILLE LAST NIGHT

Erie, Pa., Tribune Gives Account of  
Recent Program Furnished By  
Former Rushville People

Jess Pugh of Chicago, formerly of this city, visited relatives and friends here today, having stopped over while enroute from Brookville, where he entertained the Kiwanis club Wednesday night, to Connersville.

Mr. Pugh gave the program for a "Ladies Night" of the Brookville club and will give a similar program at a meeting of the Connersville Kiwanis club tonight. He will be assisted tonight by Mrs. Horace Ingram of Chicago, formerly Miss Martha Hogsett of this city.

Mr. Pugh returned home a few days ago from an extended trip through the east where he filled several engagements.

The following clipping from the Erie, Pa., Tribune, gives an account of a recent entertainment they gave before the Inter Nos club of that city.

The up-hill climb to the Academy High School auditorium with heavy snow on the ground and a sharp cold wind blowing did not deter a large procession of folks from attending the splendid entertainment given last night by Jess Pugh, the impersonator, reader, philosopher and entertainer.

Mr. Pugh was introduced by Maxwell Mayo, a brother Rotarian. Mr. Pugh from the outset captured his audience by his clever sayings, relative to the value of a smile. This prelude was followed by an impersonation of a "Man and his Wife attending the Movie." As an impersonator he ranks high and his delineation of the characters caused much merriment.

A character sketch of Rudyard Kipling and the readings from the pen of Edwin Markham and Eugene Field, were a delight to the listeners. Another noteworthy number of the evening was his impersonation of the famous black face comedian, the late Bert Williams, reciting "Woodman Spare the Tree."

Mr. Pugh is decidedly an apostle of the religion of service. Between each of his numbers he throws in a bit of philosophy which is both wholesome and constructive.

Mr. Pugh was assisted by Mrs. Ingram. Continued on Page Three

## SCHEDULE OF HALLEY MEETINGS IS CHANGED

Bible Reader to be at Main Street  
Christian Church Tonight, Friday  
and Sunday Nights

TO GIVE THE CRUCIFIXION

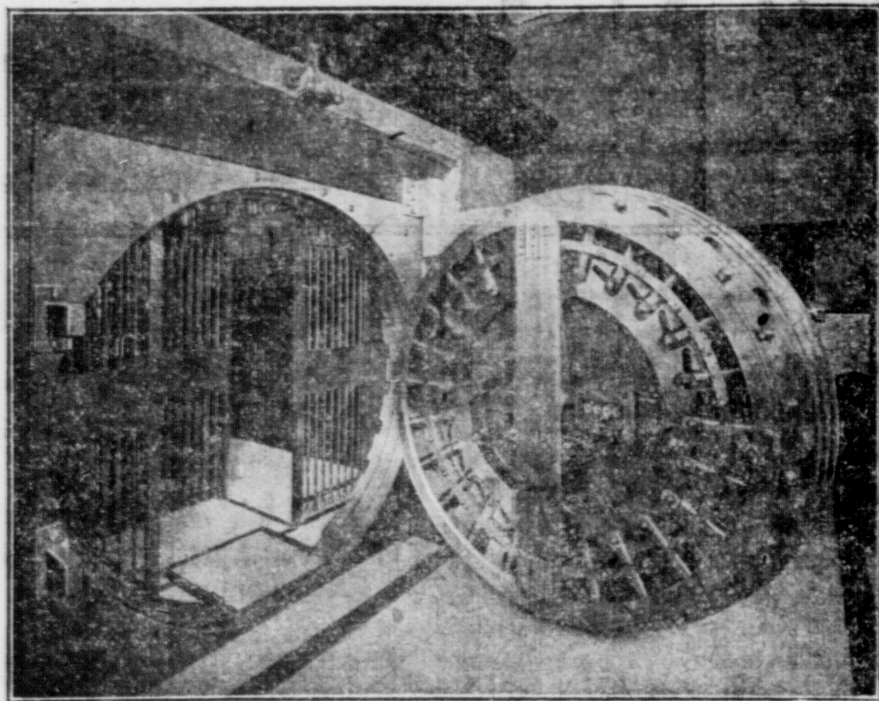

A change in the schedule for the series of meeting being conducted in the local churches by the Dr. H. H. Halley, bible reader, has been made. The meetings for tonight, Friday and Sunday night will be held in the Main Street Christian church, instead of at the First United Presbyterian church as first planned. On next Monday and Tuesday night, the meetings will be held at the First United Presbyterian church and on Wednesday, Thursday and Friday evenings of next week, the services will be held at the St. Paul's M. E. church.

Dr. Halley has been attracting large crowds each evening by his bible readings and last night he read to a crowded house at the First Baptist church. The meetings will close Friday evening, March 7, and there will be no services on Saturday evening.

Tonight, Dr. Halley will begin the story of the Christ and Friday night he will recite the story of the Crucifixion. As a rule, this is the biggest night of the series of meetings.

Dr. Halley has attracted many people to himself, not alone because of his ability to interpret the Bible, but because of his unique personality.

## What Do We Mean?

Most people speak almost rever-  
ently of "Our Country." We all sing  
"My Country 'Tis of Thee," with  
great enthusiasm. What do we mean  
by such expressions of our supposed  
patriotism.

Are we thinking of the service  
which we owe our country, of the  
love we have for it, or are we think-  
ing only of the protection which our  
country can afford us, only of the  
personal benefits we may derive from  
it? Are we thinking of what we may  
do for our country, or of what our  
country may do for us.

Our duty to ourselves as well as  
our country demands positive as well  
as negative action. We must be con-  
structive, as well as passive support-  
ers of everything good in our home  
community, if we would fulfill the  
obligations incumbent upon us as  
citizens of this great republic.

Do we exercise our right to vote,  
and when we do vote, do we always  
place intelligence, efficiency and pa-  
triotism in government ahead of ev-  
ery other consideration? In other  
words, do we feel an individual re-  
sponsibility for our government—  
my government?

We can't delegate our responsibil-  
ity in government to someone else  
any more than we can delegate our  
responsibility in any matter. There is  
no substitute for individual interest  
in government and individual respon-  
sibility for government.

The greatest duty of the banker  
is not to loan money but to loan him-  
self to the service of the community  
and help build up an integral part  
of the country in which we all take  
pride.

## Horse Play at Public Expense

Why should a tax reduction pro-  
gram be a political matter? Why  
should officials who offer nothing bet-  
ter, fight a business-like plan for  
saving tax expenditures? What will  
the public gain if political agitation  
against the Mellon plan prevents a  
reduction of \$323,000,000 in this  
year's tax bill?

Would differences in political opin-  
ion of stockholders in a private cor-  
poration stand in the way if the  
treasurer of such corporation could  
reduce expenses?

Then why should partisan politics  
attempt to block a tax reduction pro-  
gram which would save the taxpayers  
of this nation over \$300,000,000 an-  
nually?

If this horse play is kept up and  
if the taxpayers of this nation  
through various methods which are  
now being exposed, are to be subject-  
ed to continued extravagance of pub-  
lic officials we will in the next few  
years, witness an upheaval that will  
result in entirely new political meth-  
ods.

The time is here for a house clean-  
ing and the inauguration of a new  
policy of honesty and efficiency in  
public affairs.

# Are We Extravagant?

Here are some costs on Studebaker cars—  
Would you have us cut them down?

**W**E are lavish on Studebaker  
cars. For some features  
we pay three and four  
times what they need cost.

Here are some of those costs which  
affect you. Tell us—would you want  
any one reduced?

Our prices on high-grade Sixes  
run from \$1025 to \$2685. They stand  
at bottom in the fine-car field, despite  
these extra costs. All because the de-  
mand requires 150,000 cars per year.

But they could be lower if we cut  
these costs. Would you have us do it?

## Engineering—\$500,000

Our engineering departments cost  
us \$500,000 yearly.

Our Department of Re-  
search and Experiment  
employs 125 skilled men.  
It spends vast sums in  
analyses and tests.

Our Bureau of Meth-  
ods and Standards fixes  
every formula, every re-  
quirement. It makes  
500,000 tests per year to  
maintain our high stand-  
ards.

We make 30,000 in-  
spections on every Stude-  
baker car during manu-  
facture before it goes out  
of the factory. We em-  
ploy 1,200 men to do that.

Those are heavy costs.  
But remember how they  
are divided—by 150,000  
cars per year. They form  
but a trifle per car.

## \$50,000,000 in plants

We have invested \$50,-  
000,000 in modern plants and equip-  
ment. \$8,000,000 in drop forge plants.  
\$10,000,000 in body plants—as the  
only way to do Studebaker coach  
work.

These plants are equipped with  
12,500 up-to-date machines, many of  
them very expensive.

But consider the alternative.  
Profits to other makers. We save  
up to \$300 for you by building Stude-  
baker bodies in our own body-plants.

## 15% extra on steel

On some steels we pay a bonus of  
15% to the maker. Just to get our

LIGHT-SIX	
5-Pass. 112" W. B. 40 H. P.	
Touring	\$1045.00
Roadster (3-Pass.)	1025.00
Coupe-Roadster (2-Pass.)	1155.00
Coupe (5-Pass.)	1395.00
Sedan	1485.00

formulas exact. We could save that  
extra on "commercial runs."

We are one of the very few build-  
ers, either in Europe or America,  
using crankshafts machined on all  
surfaces. It costs us \$600,000 a year  
to give you this. But it results in that  
smoothness of operation, that lack of  
vibration which characterizes only  
the most expensive cars.

Every Studebaker car is Timken-  
equipped. The Special-Six and the  
Big-Six have more Timken bearings  
than any car selling under \$5,600 in  
America. The Light-Six more than  
any competitive car within \$1,500 of  
its price.

The many extras on our large  
closed cars would cost much if you  
bought them. The nickel-plated  
bumpers, the extra disc wheels and  
cord tires, the steel trunk, the cour-  
tesy light, motometer, etc.

## Extras to our men

We pay the highest labor scale.  
Then we add extras to it.

Men who are with us five years or  
over get 10% of their year's wages  
in an anniversary check. Those an-  
niversary checks last year cost us  
\$1,300,000.

After two years all employees get a  
week of vacation with  
pay. That cost us last  
year \$225,000.

Old employees who re-  
tire get pensions.

All this to keep men  
with us while they grow  
more and more efficient.  
To make them happy, so  
they do their best.

This is all paid by peo-  
ple who buy Studebaker  
cars. But we figure that  
each such dollar saves us  
five dollars. Don't you  
agree with us?

## The utmost in car value

The object is to give  
you the utmost in car  
value. You will find we  
do that if you make com-  
parisons. In any Stude-  
baker model, you will  
find scores of ways in which it excels  
any rival car.

That is why, in the fine-car field,  
the Studebaker leads. The demand  
has almost trebled in the past three  
years. These cars have become the  
sensation of Motordom. On some  
of these models we have never yet  
been able to meet the demand.

We spend money lavishly. We  
build without regard to cost. But,  
in our quantity production, we still  
bring costs to bottom.

You should learn what these things  
mean to you before you buy a car.

## Don't Buy a Fine Car until you see the leaders

Studebakers hold the top place in the  
fine-car field today.

Last year, 145,167 people chose them  
against all rivals. They paid \$201,000,000  
for them.

For 72 years the Studebaker name has  
stood for the utmost in quality. It will  
never stand for less.

Today there are assets of \$90,000,000  
staked on the Studebaker cars.

Don't pay \$1,000 or more for a car with-  
out knowing what Studebaker offers. You  
will find here some scores of advantages.  
Learn what they mean to you.

## Other costly extras

Our bodies are finished with 18  
operations, including 15 coats of  
paint and varnish.

We use real leather upholstery.  
We could cut the price of our open  
models \$25.00 were we willing to use  
imitation instead of genuine leather.

We upholster our closed models in  
the finest Chase Mohair. Cotton or  
ordinary wool, or a combination of  
both, would enable us to reduce our  
price from \$100 to \$150 per car. But  
we would thus sacrifice Studebaker  
quality and reputation.

## HITTING 'EM

—AND—

## MISSING 'EM

Rushville for its fourth consecutive year is entertaining visitors at a tourney. In the previous years the city and fans proved to be good hosts. Let's don't fall down on the job this year. Welcome the visitors, show them a good time—be good sports.

William H. Ball in defining the game of basketball says the greatest values are found in the realm of character-training for the youths. The teams belong to the high schools. He says further, "From the very beginning it has been a sportsman's game, conceived and perpetuated in the ideals of clean sport. While it is true that these ideals have not always been maintained by all players, this has been due to persons who ignore or deliberately violate the spirit of the rules as they have been formulated."

"Basketball is played between two teams, both of which are determined to win. This is as it should be; but some teams have so strong a desire to win, that victory is the only thing worth while, and defeat is not only loss but humiliation and disgrace. Under such conditions a team is sometimes led to do anything to win."

"To defeat a noted rival, to keep a complete sheet of games won, or to capture a coveted championship, is of greater moment, just then, than to play clean and maintain one's own self-respect and honor. A few—very few—coaches are so ambitious to establish a reputation for themselves and, incidentally, a record for their teams, that they secretly instruct their players in studied and skilful evasions of the rules, thereby taking unfair advantage of their opponents. The game should be no place for the trickery of the knave or the crook."

"It will be a great day for the youth of America when every team establishes as its standard and practice 'an Honorable Victory or None'. This is the ultimate objective of the game; to help develop men of high ideals and character, so that the nation shall be proud of them in every relationship of life."

"A few things should be remembered:

1. Athletics are, in a sense, simply modified forms of war combat. Low ideals or sportsmanship are leftovers from barbaric days when everything went, if you survived, win or die.

2. Youth is the period of keenest interest and participation in athletic contest.

3. Youth is the period during which character is rapidly and permanently fixed. Standards practised, soon become habits formed.

4. Games are one of the most potent factors in character-training known to man.

5. Life itself is a game; and the basketball court is a laboratory where we conduct our early experiments in learning how to play, "The Game of Life."

"For when the one great Scorer comes

To write against your name,  
He writes not that you won or lost,  
But HOW you played the game."

In carrying out the provisions of the above, the supporters of the various teams have much to do with it.

## HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

Be good winners, and above all, be good losers.

BOOST YOUR HOME COUNTY TEAMS FIRST. LET'S PUT ACROSS A WINNER.

First game is to be called promptly at 9 in the morning. Tourneys wait for no one, and teams have to be on the floor at the appointed hour.

LOCAL SCHOOL OFFICIALS ARE IN NEED OF MORE BED ROOMS FOR VISITING PLAYERS. IF YOU HAVE ANY, CALL MR. BUTLER AT THE SCHOOL. THE SCHOOL PAYS 75 CENTS A NIGHT FOR BEDS.

Meals for teams and visitors will be served at the basement of the Main Street Christian church during the two day tourney.

Not An Alibi, But Facts

Rushville will enter the tourney under handicaps. Walker, regular center, will be out in all probability on account of the injury that he sustained last Friday night, and Snoddy, fast forward, is in poor shape with his jaws swelled out on account of cutting wisdom teeth. Such is luck at tourney time.

New Salem is another tough luck team. Kenneth Wilson, their center, and the most accurate basket shot on any team, is out of the game on account of smallpox.

On the other hand, Connersville is rarin' to tear through on all fives, and it is up to someone to halt them.

Feb. 27, 1924

Arlington

Dear Hittin' 'Em—  
We want to say to Side Lights that he had better get a little more side light on the subject. We do expect to beat Center and we do expect to beat Alquina.

Just tell Side Lights that Alquina will need more than the margin given her to start out with. Also Side Lights do you remember the scare Arlington gave Connersville last year. Connersville has another one coming again this year along about Saturday morning from Raleigh, and then another Saturday afternoon from Arlington. By the time some of get through with Connersville, some of the feathers will be gone.

"GO GETTER"

The Arlington fan has the right spirit. The dope on scores to which is referred to, was not, however, the opinion of Side Lights, but was sent in by a contributor to his column.

Here is another one, which appears in the Connersville paper from a man in that place:

MORE SECTIONAL DOPE

Dear Side Lights—  
Here is a little dope on the Rushville tourney:

Rushville 41; Manilla 20  
Everton 30; Webb 12  
Connersville 79; Gings 12  
Raleigh 25; Glenwood 16  
Alquina 24; Orange 19  
Arlington 32; Center 20

Alquina 28; Arlington 21  
Rushville 29; Milroy 21

Connersville 31; Rushville 21

SAM HILL

Sam Hill probably thinks that Webb is a weak team. But his schedule does not hold water, because he has Webb getting beat by Everton in the first round, and then puts Webb against Rushville in the second round, after Webb had been eliminated in their first game. On the other hand, Hittin' 'em would wager that Arlington will have the best of Alquina.

## FANNING WITH FARRELL

## To Protect Referees

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Feb. 28—To curb that greatest prerogative of the fight fan, the privilege of opening his mouth back to the ears and emitting the loud sound of what Babe Ruth calls "the berries", William Muldoon threatens to have a platoon of deputies from the boxing commission at the ring-side to give the air to any and all

who resort to the razz to relieve their feelings.

Muldoon has evolved the theory that a blue-coat and some brass buttons will be the restraint that will act as the silencer of the squawkers who boo and howl even before the decision has been given.

New Yorkers are the greatest skeptics in the world, and when the Duke said he would silence the great razz by the employment of special cops, it was suggested: "Who will stop the cops from squawkin'?"

## MORE ROOMS ARE NEEDED

Not Enough to Accommodate Basketball Teams at Sectional

E. B. Butler, principal of the Rushville high school, who is in charge of the annual sectional basketball tourney which gets under way in the morning stated today that applicants had fallen down in offering bed rooms for the visiting teams.

In years past, the list has always exceeded the demand, but today only one half of the teams had been supplied with places to sleep. The school officials pay well for the lodging, and those who have a room or two, are asked to call Mr. Butler.

## TRAINING CAMP TABS

Sarasota, Fla.—"Bill Terry", former Toledo first baseman, holds first place among the Rookies here trying for places on the bench of the New York Giants. Terry, for whom the Cincinnati Reds offered \$50,000 smacked one over the center field fence yesterday and made a mark for the sluggers.

Clearwater, Fla.—Zack Taylor, Bernie Neis, Bert Griffith and Johnny Jones are still keeping intact the list of Brooklyn holdouts. They may all get the air, unless they sign, according to President Ebbets. Dutch Ruether has advanced so far in his training that has been ordered out of work.

Cataline Island, Calif.—Bill Killefer, Cubs pilot, will keep nine pitchers on the Cubs squad this year, he announced. Fourteen are in training under his critical eye. Rip Wheeler, from Wichita Falls and Elmer Jacobs and John Blake, former Seattle hurlers, will fill the openings for green slab timber, Killiefer indicated.

Miss Grace Buell will entertain the members of the Thursday Afternoon Bridge club Friday afternoon at the home of Mrs. Lewis Sexton in North Perkins street.

Mrs. Garland Newkirk was hostess Wednesday afternoon to the Cross Country club at her home north of the city and the guests present spent a very enjoyable afternoon informally over needlework. Refreshments were served as the closing event of the meeting.

The W. R. C. held their regular meeting Wednesday afternoon in the G. A. R. room of the court house. After the Washington Day program, Mrs. Bainbridge presented the corps with the picture of George Washington, which was greatly appreciated by the corps.

About sixty couples attended the dinner-dance given at the social club Wednesday evening, for the club members and invited guests. A delicious dinner was served by the division captained by Mrs. I. L. Endres and Mrs. Lowell M. Green.

## Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 2716 Marcellus Avenue, Manassas, N.J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Kring's orchestra of Richmond furnished splendid music for the dance following the dinner. A few out-of-town guests were present for the social function.

At the meeting of the Band of Workers of the First Presbyterian church held Wednesday afternoon at the home of Mrs. Helen Pierson in West Third street, arrangements were made to hold an exchange March 8, the place to be announced later. A large attendance, including a number of guests, were present for this meeting and enjoyed a splendid social hour following the business period. In the serving of refreshments the hostess was assisted by Mrs. John Boyd and Mrs. Ed Beer.

Mr. and Mrs. Isaac Baker entertained Tuesday evening at their home in Glenwood, honoring the latter's uncle, William Beckett, it being a surprise party for his birthday anniversary. Music was furnished throughout the evening by some of the guests and an enjoyable social evening was spent by all present. The guests included Matthew Reynolds, John Mapes, Travis McConnell and son Everett, Otto McConnell and Russell Kennedy. Refreshments of ice cream, cake and cracker-jack was served during the evening.

The American Literary Club was delightfully entertained Wednesday afternoon at the home of Mrs. Florence Abercrombie in North Perkins street. The roll call responses were Indiana authors and they were followed by a short business session. A very interesting program was given, beginning with an interesting paper

on "Indiana Dramatists," by Mrs. Charles Fisher, followed by a paper on "Indiana Humorists," by Mrs. Addie Dugal. Delicious refreshments were served by the hostess during the social hour.

At the First Presbyterian Missionary meeting on Tuesday afternoon at the home of Mrs. Joe Cowing in North Man street, the following officers were elected for 1924: president, Mrs. Rena Warner; first vice-president, Mrs. Gibson Wilson; second vice president, Mrs. Wilbur Snodgrass; treasurer, Mrs. John Morris; secretary, Miss Minnie Beale secretary of Literature, Mrs. Bert Mullin. During the business hour the members voted to meet their apportionment by free will gifts. Forty members and guests were present and had the pleasure of listening to a fine program.

The Elisha Arnold Chapter, D. A. R. observed guest day Tuesday afternoon at the home of Mrs. Alba Hurst. Responses to roll call were "Noted Colonial Characters." A musical program was given by Mrs. Albert Updike, and Mrs. Will Frow read an interesting paper on "Picturesque Spots of Indiana." After the program a delicious two course luncheon was served. Guests at the meeting included, Mrs. G. W. Thomas Mrs. Horatio Havens, Miss Laura Hillgoss of Rushville, Mrs. Ross Hutchinson of Arlington, Mrs. Elmer Perkins, Mrs. Claude Adams, Mrs. Glenn Carr and Mrs. Lon Orme of Homer.

On Tuesday afternoon of this week Mrs. E. W. Caldwell entertained the members of the Glenwood Sorosis club at her home in West Fourth street. The members present responded to the roll call with an island beginning with the same letter as their name, and short talks were given by each member on the island they responded to the roll call with. A paper on "Australia" was read by Mrs. Charles Newhouse and Mrs. A. J. Britt, read a sketch on "The Coast of Corsica." At the conclusion of the program refreshments were served, which carried out the color scheme of pink and white. A large bowl of pink and white carnations centered the dining table.

Mrs. Mary E. Junken was delightfully surprised at her home in Arlington on Wednesday, when her relatives and friends gathered with well filled baskets of delicious eats, it being the occasion of her 82nd birthday. Those present were her brother, Thomas Alexander of Arlington and her children, Mr. and Mrs. Charles E. Hall, Rushville; Mrs. Will Parrish, Carthage; Mr. and Mrs. Oliver S. Junken, Morristown; Ed Junken, Arlington; Mr. and Mrs. Frank Hinton and family, Mr. and Mrs. Fred Bailey and daughter Marcella. Mr. and Mrs. Herbert Hoban and son Dale, of St. Paul, and Mrs. N. P. ## CONFESSION PLACED BEFORE GRAND JURY

Gladys Ellis, Slayer of Indiana Woman's Prison Matron, Awaits Fate in Solitary Confinement

### INTENDS "TO GO TO THE CHAIR"

(By United Press)

Indianapolis, Ind., Feb. 28—In solitary confinement Gladys Ellis, confessed slayer, today awaited action by the Marion county grand jury.

Her confession that she killed Miss Louise Richards, matron at the woman's prison when the matron attempted to stop her flight from the prison was placed before the grand jury this morning with other evidence gathered by police and detectives.

The girl, with a criminal record dating back to her childhood, told prison officials who questioned her that she wanted to "go to the chair and get it over with."

Although she was known as an incorrigible at the woman's prison, she has been resigned and indifferent since her arrest Tuesday night.

"I never knew what a home was," she said. "My father and mother separated when I was only about three years old. I lived with some distant relatives for a while, and then my parents went back together."

Her mother committed suicide when she was nine. At the age of 12 she was sent to a girls school for stealing a diamond ring. Since that time her life has been a succession of sentences and paroles.

## MEMORIAL TO T. M. GREEN IS ADOPTED

Memorial to the late Thomas M. Green, last charter member of the First United Presbyterian, has been adopted by the church session as follows:

When on Saturday, February 2nd 1924, Elder Thomas M. Green, clerk of our session was called to his reward, there was taken from us one whose life had been interwoven with all the history and growth of our congregation's activity.

Mr. Green was born at Milroy, Indiana, September 16, 1853. He was a life long member of the United Presbyterian Church, and was the last of the sixteen charter members of this congregation to depart, by death or removal. For many years he served this congregation faithfully and ably as one of its ruling elders, his knowledge of the law and procedure of the church was full and accurate, the session largely depending upon him for advice and guidance in matters of importance. He was a man of positive convictions and forceful and fearless in maintaining them, kind in his sympathies, faithful in the discharge of duties and deeply interested in the Masters Work. He was a consistent and careful student of the Word and reflected its principles and teachings in his daily walk and conversation.

As a member and official of the church he leaves a record for faithfulness and efficiency rarely equalled. His activity in church work not being limited to the duties of eldership, but embraced all departments of the church. His most active work in connection with this congregation was as Superintendent of the Sabbath school, where he rendered most

## WOMAN AILING FOR A YEAR

Took Lydia E. Pinkham's Vegetable Compound—Happy Results

Newcastle, Pa.—"I was all run-down and everybody thought I was going into a decline. I had been ailing for a year with pains in my right side so that I could hardly stand on my feet. When I walked I felt as if something was falling. I was not able to do any work and had a nurse most of the time. She spoke to me about Lydia E. Pinkham's Vegetable Compound, so I gave it a fair trial. Some women think one bottle should cure them, but I did not stop at that. I took more and got better, and am able ever since to do my own housework. There was a time, when I would complain of not feeling well, that my husband would say, 'Go to the doctor.' But now he will tell me to get a bottle of Lydia E. Pinkham's, and it has always helped me. I have had druggists tell me that they had something better, but they don't tell me that now for I take no other. I have been taking the Vegetable Compound now for five years. Any woman who cares to call or write, I will be glad to tell her how it helped me."—Mrs. MABEL LIST SHERBAHN, 615 Newell Ave., Newcastle, Pa. For sale by druggists everywhere.

faithful and effective service for many years, always having made careful preparation in advance.

As a session we hereby express our own deep sense of loss we have suffered by his departure, a loss personal and official, and tender to his family and friends our profound sympathy in their bereavement and sorrow and commend them to the Great Comforter in whom he trusted throughout his useful life.

Upon motion this memorial was unanimously adopted, and the same was ordered spread of record in the minutes of the session and that a copy be sent to the members of the family, and that the same be published in the local papers.

E. G. McKIBBEN, Moderator  
B. L. Trabue, Acting Clerk.

## TO RAZE WALLS AND ERECT A NEW BUILDING

Rush County National Bank Will Let  
Contract For Wrecking Fire-Dam-  
aged Structure Soon

### AN ARCHITECT IS ENGAGED

Present Plans Call For Two-Story  
Building if Odd Fellows Agree to  
Change in Plans

### LODGE ON SECOND FLOOR

Will Probably Not Object Though  
Contract Calls For Owner to Erect  
Two Stories

The contract for razing the north and east walls of the Odd Fellow building, which was almost demolished by fire Friday, January 25, will be let within a few days by the Rush County National bank, which purchased the site several days ago, and actual work in preparation for the erection of a new building during the spring and summer will get under way.

Present plans call for the building of a two-story structure, the bank to occupy most of the first floor and the Odd Fellow Lodge all of the second floor. No definite agreement or contract to this effect has been made, however.

Three wrecking contractors from Indianapolis and one from Cincinnati have been here during the past week to view the fire ruins and are preparing figures on the job.

McGuire and Shook, architects, of Indianapolis, have been commissioned it is stated, to prepare plans for the proposed new building, but no plans will be definitely agreed upon or accepted until the bank and the Odd Fellows come to some definite agreement.

The deed to the ground and building, which was first executed during the civil war, provides that the Odd Fellow Lodge may have a perpetual lease on the third floor of the building for use as a lodge room, and that in case of fire, the owner shall erect the first two stories of the new building, and the lodge shall have the privilege of building the third story.

That consideration was included in the deed when the property was transferred to the present owner, and if only a two-story building is constructed, the Odd Fellows erecting the second story, it will be done only after the Odd Fellows make the concession and consent to the bank building one story instead of two.

It is asserted that the Odd Fellows

## HOUSE PROGRESSIVES SWITCH ALLEGIANCE

Agree at Conference to Support  
Longworth Compromise if Organi-  
zation Yields To Cut

### WOULD REDUCE NORMAL RATE

Washington, Feb. 28—Progressive forces in the house today switched suddenly and agreed to join against leaders in a compromise to make the tax bill a "republican" measure if their demands for normal income tax rates are met.

At a conference of the Progressives, it was agreed to support the Longworth compromise of 37 1/2 percent as the maximum surtax rates, if the organization leaders would yield to a five percent normal rate on incomes between \$4,000 and \$8,000, instead of 6 percent as Longworth proposes.

Republican leader Longworth will meet the Progressive leaders late today. After the compromise is effected the Garner democratic rates will be knocked out of the bill on the final vote tomorrow.

The Longworth compromise provides for a flat 25 percent cut in income tax rates. The maximum rate of 37 1/2 percent is on incomes of \$200,000 or more. The Garner maximum is 34 percent on incomes of \$94,000.

## TAX PROGRAM PRESENTED

Complete Reform Proposed For Bill  
In Next Legislature

Indianapolis, Ind., Feb. 28—A complete tax reform program was presented to the board of directors of the state chamber of commerce today by the organization committee on taxation.

The program, the result of four months of work by experts, will be written into the bill to be presented to the next legislature.

The report insists that any tax policy must be accepted by "the most rigid and exacting economy in the making of appropriations and expenditures of public funds."

## SEN. UNDERWOOD TALKED TO WALSH

Democratic Candidate For President  
Asked Oil Scandal Probe if Mc-  
Lean Would be Called

### SECOND ONE TO BE INVOLVED

A. Mitchell Palmer, Wilson's Attor-  
ney General, to be Questioned  
About His Part in Program

(U. P. Staff Correspondent)

Washington, Feb. 28—Another presidential candidate, Senator Oscar W. Underwood of Alabama, was definitely involved today in the senate inquiry into the oil scandal.

Underwood's name was first brought in when the senate committee found a telegram to E. B. McLean, Washington publisher, from one of his employees here, stating that A. Mitchell Palmer, former attorney general, was going to ask Underwood to "work on" Senator Walsh, leading investigator of the committee, to get him to refrain from questioning McLean about a \$100,000 loan to Fall.

Walsh at first denied that Underwood had ever mentioned McLean to him, but this morning revealed a conversation, he said he had forgotten, but which Underwood reminded him of. Underwood in that conversation asked Walsh whether McLean would be called. Walsh said the committee had authorized him to go to Palm Beach to question McLean.

Underwood was mentioned again in a telegram to McLean from an employee on the Washington Post, McLean's paper, saying that Senator Curtis and Lenroot had advised that Underwood be seen, in an effort to have Walsh called off. In this telegram it was added, however, that the effort through Underwood was not considered of any use.

Production of this evidence thus definitely puts Underwood's name among those who were to be approached in an effort to halt the oil investigation at the very time it was on the eve of disclosure, which later opened up the whole scandal. It came just after the committee had decided to question Palmer about his part in what some committee members feel was a definite attempt to stifle the whole inquiry.

Former Attorney General, A. Mitchell Palmer, will appear before the committee tomorrow morning, it was decided after a conference between Senators Dill, Walsh and Lenroot, and Palmer.

The defendant was accused of stealing coal from the Big Four railroad and he was arrested several weeks ago upon complaint of Capt. Neil of the detective force.

In the circuit court Wednesday Judge Sparks found for the defendant in the case of Florence L. Wilhelm, et al., against Corte Oldham a suit for damages in which the plaintiff was attempting to secure judgment for loss alleged to have been sustained by having stock enter a field of growing corn. C. M. George extended the welcome to the visiting farmers, and each responded with a few remarks. Frank Wilson of this city was also a guest at the luncheon today, and spoke briefly, recalling the fact that today was the anniversary of his business career in Rushville. He said that just forty-nine years ago today he started in the clothing business here, and now ranks as one of the pioneer merchants.

## DAUGHERTY SAYS HE'S NO QUITTER

Attorney General Promises to Issue  
Statement in Chicago When he  
Hears From Washington

### ON GOVERNMENT BUSINESS

Heartened by Telegrams of Confi-  
dence From All Parts of Country  
—Going to Miami, Florida

By JOHN NIMICK  
(U. P. Staff Correspondent)

Chicago, Feb. 28—"I'm no quitter" Attorney General Harry M. Daugherty told the United Press when he arrived here today for a conference with federal officials conducting the grand jury investigating the United States Veterans Bureau.

Daugherty was greatly heartened by telegrams of confidence from all parts of the country.

"A winner never quits; a quitter never wins," one telegram stated, and Daugherty showed it with pride. "That's my position," he said. "I'm no quitter."

Daugherty arrived in Chicago at 9 a. m., and went at once to the federal building for conferences with his aides. He put up at the Union League Club, where he probably will stay until he leaves Chicago for Miami, Fla., to visit his invalid wife.

A small army of photographers and newspapermen greeted the attorney general on his arrival here. He laughingly posed for a picture with Julius Krim, special prosecutor for the government in the Veterans Bureau case.

Daugherty showed impatience with the whirl of questions hurled at him by the newspapermen.

"I will issue a statement later," he said. "I am here on government business and therefore I cannot discuss it."

When asked whether he had an appointment with Silas Strawn, Chicago attorney, who was selected and then rejected as government attorney in the Teapot Dome scandal, he replied sharply:

"Gentlemen, there is no use cross-examining me. I shall say what I have to say later."

"I will issue a statement indicating my position in this case as soon as I have read some telegrams I'm expecting from Washington," Daugherty said referring to reports that he was about to resign from President Coolidge's cabinet.

After a hasty conference at the district attorney's office, Daugherty will take a train for Miami, Fla., where his wife is ill.

By A. L. BRADFORD  
(U. P. Staff Correspondent)

Washington, Feb. 28—Administration leaders will put Attorney General Daugherty on trial before some congressional tribunal before long.

After he has had a hearing, President Coolidge will ask him to resign on advice of his closest political lieutenants.

From authoritative sources it was learned that this is the president's intention regarding the attorney general who left Washington with dramatic suddenness yesterday, leaving behind him a debt to his enemies in which he said:

"It is not my purpose even to consider tendering my resignation as attorney general until after fair hearing on charges preferred against me."

Whether Daugherty will be investigated by a senate committee under the Wheeler resolution or called to the bar of the senate in impeachment proceedings is to be decided today.

## TO GIVE PROGRAM AT CONNERSVILLE

Jess Pugh Aid Mrs. Horace Ingram  
to Provide Entertainment at Ki-  
wanis "Ladies Night"

### AT BROOKVILLE LAST NIGHT

Erie, Pa., Tribune Gives Account of  
Recent Program Furnished By  
Former Rushville People

Jess Pugh of Chicago, formerly of this city, visited relatives and friends here today, having stopped over while enroute from Brookville, where he entertained the Kiwanis club Wednesday night, to Connersville.

Mr. Pugh gave the program for a "Ladies Night" of the Brookville club and will give a similar program at a meeting of the Connersville Kiwanis club tonight. He will be assisted tonight by Mrs. Horace Ingram of Chicago, formerly Miss Martha Hogsett of this city.

Mr. Pugh returned home a few days ago from an extended trip through the east where he filled several engagements.

The following clipping from the Erie, Pa., Tribune, gives an account of a recent entertainment they gave before the Inter Nos club of that city.

The up-hill climb to the Academy High School auditorium with heavy snow on the ground and a sharp cold wind blowing did not deter a large procession of folks from attending the splendid entertainment given last night by Jess Pugh, the impersonator, reader, philosopher and entertainer.

Mr. Pugh was introduced by Maxwell Mayo, a brother Rotarian. Mr. Pugh from the outset captured his audience by his clever sayings, relative to the value of a smile. This prelude was followed by an impersonation of a "Man and his Wife attending the Movie." As an impersonator he ranks high and his delineation of the characters caused much merriment.

A character sketch of Rudyard Kipling and the readings from the pen of Edwin Markham and Eugene Field, were a delight to the listeners. Another noteworthy number of the evening was his impersonation of the famous black face comedian, the late Bert Williams, reciting "Woodman Spare the Tree."

Mr. Pugh is decidedly an apostle of the religion of service. Between each of his numbers he throws in a bit of philosophy which is both wholesome and constructive.

Mr. Pugh was assisted by Mrs. Continued on Page Three

## SCHEDULE OF HALLEY MEETINGS IS CHANGED

Bible Reader to be at Main Street  
Christian Church Tonight, Friday  
and Sunday Nights

### TO GIVE THE CRUCIFIXION

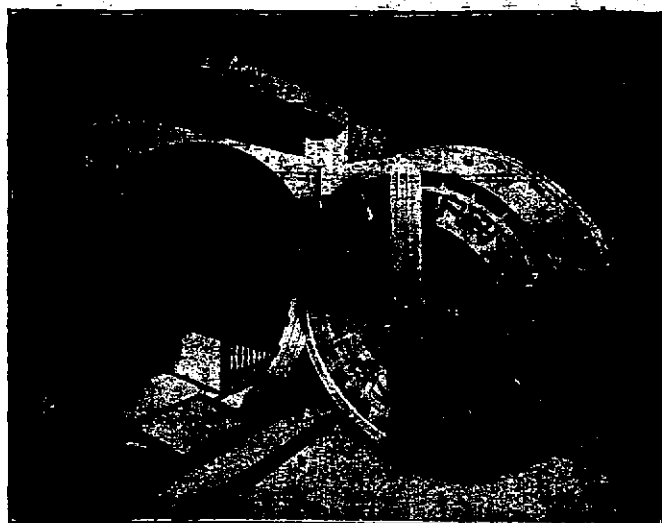

A change in the schedule for the series of meeting being conducted in the local churches by the Dr. H. H. Halley, bible reader, has been made. The meetings for tonight, Friday and Sunday night will be held in the Main Street Christian church, instead of at the First United Presbyterian church as first planned. On next Monday and Tuesday night, the meetings will be held at the First United Presbyterian church and on Wednesday, Thursday and Friday evenings of next week, the services will be held at the St. Paul's M. E. church.

Dr. Halley has been attracting large crowds each evening by his bible readings and last night he read to a crowded house at the First Baptist church. The meetings will close Friday evening, March 7, and there will be no services on Saturday evening.

Tonight, Dr. Halley will begin the story of the Christ and Friday night he will recite the story of the Crucifixion. As a rule, this is the biggest night of the series of meetings.

Dr. Halley has attracted many people to himself, not alone because of his ability to interpret the Bible, but because of his unique personality.

## TO RAZE WALLS AND ERECT A NEW BUILDING

Continued from Page One

at first did not like the proposal that only a two-story building be erected, because the lodge rooms would be nearer the streets and the noise might be more liable to disturb lodge meetings. A good authority on the subject said today that it was thought that a way had been found to overcome this objection and that it would not be raised.

Before the building was purchased by the Rush County bank, the general opinion was that the old walls of the building would be used in erecting a new structure, and that a three-story building would be constructed, but it is said that examination of the walls by experts led to the recommendation that at least the north and east walls be torn down and new ones erected.

The new owners of the building hope to be able to use the west and south walls, on the theory that they are not damaged, but even this may not be possible. Whether the walls will be used, will be determined, it is announced, when the top of them is removed and their exact condition can be seen.

The new building will be brick, it is stated, and will include all of the modern conveniences of an up-to-date bank building.

## MOVIES

### Melodramatic Comedy

The George Melford Paramount production of "Flaming Barriers," featuring Jacqueline Logan, Antonio Moreno and Walter Biers which opened with well merited success at the Princess Theatre last evening, is one of the finest melodramatic comedies ever brought to the screen. It is a decided picture novelty, humanly appealing and a bear for thrills.

Miss Logan, a fighting daughter who isn't afraid to drive a flying machine over a burning forest or a fire truck through one, and who does both in this picture, amazed her admirers with her grit and daring. Mr. Moreno, as Sam Barton, wealthy efficiency expert and golf enthusiast, has a virile role to portray. His fight with Joseph Pickens, the heavy in the picture, who has attacked Jerry, played by Miss Logan, roused the audience to a high pitch of excitement by its realism.

The story is one of a modern motor-driven fire fighting truck, an invention of Patrick Malone, Jerry's father. His ambition is to get the truck before the notice of visiting fire chiefs in convention in Burbridge. Jerry and Sam Barton see to this, though not before they manage to get old Malone arrested for parking near a fire hydrant, which is but one of the many amusing comedy reliefs in "Flaming Barriers", one of the most interesting and gripping screen productions seen here in many a day.

### "Sherlock Holmes"—Castle

Speaking of the new film play that is to arrive at the Castle theatre on Thursday for 3 days, it ought to be said that many of the scenes of "Sherlock Holmes" were made in England. John Barrymore who went abroad to rest, cabled over that he believed they should make several pictures of the original places mentioned in Sir Arthur's stories, so over went the picture crew.

These views involved several scenes on the banks of the Thames; the scene of Lambeth Palace Bridge, where Holmes gets into a shuttered cab of the villainous Moriarty, and the scenes in Limehouse and London's underworld.

"In America", Mr. Barrymore said last week, in speaking of the taking of these pictures, "it is not a very difficult matter to obtain permission to use private mansions grounds and parks or gain access to public grounds or buildings. In England, however, there is no such general interest in the welfare of the motion picture. Perhaps it is due to the fact that the art of the presentation of the pictures is as yet undeveloped over there."

## Loosen Up That Cold With Musterole

Have Musterole handy when a cold starts. It has all the advantages of grandmother's mustard plaster WITHOUT the blister. You just apply it with the fingers. First you feel a warm tingling as the healing ointment penetrates the pores, then comes a soothing, cooling sensation and quick relief.

Made of pure oil of mustard and other simple ingredients, Musterole is recommended by many nurses and doctors. Try Musterole for bronchitis, sore throat, stiff neck, pleurisy, rheumatism, lumbago, croup, asthma, neuralgia, congestion, pains and aches of the back or joints, sore muscles, sprains, bruises, chilblains, frosted feet, colds of the chest. It may prevent pneumonia and "flu."

Remove far from me vanity and lies; give me neither poverty nor riches; feed me with food convenient for me.—Proverbs 30: 8.

## What Do We Mean?

Most people speak almost reverently of "Our Country." We all sing "My Country 'Tis of Thee," with great enthusiasm. What do we mean by such expressions of our supposed patriotism?

Are we thinking of the service which we owe our country, of the love we have for it, or are we thinking only of the protection which our country can afford us, only of the personal benefits we may derive from it? Are we thinking of what we may do for our country, or of what our country may do for us?

Our duty to ourselves as well as our country demands positive as well as negative action. We must be constructive, as well as passive supporters of everything good in our home community, if we would fulfill the obligations incumbent upon us as citizens of this great republic.

Do we exercise our right to vote, and when we do vote, do we always place intelligence, efficiency and patriotism in government ahead of every other consideration? In other words, do we feel an individual responsibility for our government—our government?

We can't delegate our responsibility in government to someone else any more than we can delegate our responsibility in any matter. There is no substitute for individual interest in government and individual responsibility for government.

The greatest duty of the banker is not to loan money but to loan himself to the service of the community and help build up an integral part of the country in which we all take pride.

The greatest duty of the business man is not to sell goods, but to sell himself to the community and discharge his obligation as a resident of it.

The greatest duty of the professional man is not to charge a liberal fee for his services, but to write on the balance side of the ledger constructive service for the common good.

The greatest duty of every citizen

## Horse Play at Public Expense

Why should a tax reduction program be a political matter? Why should officials who offer nothing better, fight a business-like plan for saving tax expenditures? What will the public gain if political agitation against the Mellon plan prevents a reduction of \$323,000,000 in this year's tax bill?

Would differences in political opinion of stockholders in a private corporation stand in the way if the treasurer of such corporation could reduce expenses?

Then why should partisan politics attempt to block a tax reduction program which would save the taxpayers of this nation over \$300,000,000 annually?

If this horse play is kept up and if the taxpayers of this nation through various methods which are now being exposed, are to be subjected to continued extravagance of public officials we will in the next few years, witness an upheaval that will result in entirely new political methods.

The time is here for a house cleaning and the inauguration of a new policy of honesty and efficiency in public affairs.

## Are We Extravagant?

Here are some costs on Studebaker cars—  
Would you have us cut them down?

**W**E are lavish on Studebaker cars. For some features we pay three and four times what they need cost.

Here are some of those costs which affect you. Tell us—would you want any one reduced?

Our prices on high-grade Sixes run from \$1025 to \$2685. They stand at bottom in the fine-car field, despite these extra costs. All because the demand requires 150,000 cars per year. But they could be lower if we cut these costs. Would you have us do it?

## Engineering—\$500,000

Our engineering departments cost us \$500,000 yearly.

Our Department of Research and Experiment employs 125 skilled men. It spends vast sums in analyses and tests.

Our Bureau of Methods and Standards fixes every formula, every requirement. It makes 500,000 tests per year to maintain our high standards.

We make 30,000 inspections on every Studebaker car during manufacture before it goes out of the factory. We employ 1,200 men to do that.

Those are heavy costs. But remember how they are divided—by 150,000 cars per year. They form but a trifle per car.

## \$50,000,000 in plants

We have invested \$50,000,000 in modern plants and equipment. \$8,000,000 in drop forge plants. \$10,000,000 in body plants—as the only way to do Studebaker coach work.

These plants are equipped with 12,500 up-to-date machines, many of them very expensive.

But consider the alternative. Profits to other makers. We save up to \$300 for you by building Studebaker bodies in our own body-plants.

## 15% extra on steel

On some steels we pay a bonus of 15% to the maker. Just to get our

formulas exact. We could save that extra on "commercial runs."

We are one of the very few builders, either in Europe or America, using crankshafts machined on all surfaces. It costs us \$600,000 a year to give you this. But it results in that smoothness of operation, that lack of vibration which characterizes only the most expensive cars.

Every Studebaker car is Timken-equipped. The Special-Six and the Big-Six have more Timken bearings than any car selling under \$5,600 in America. The Light-Six more than any competitive car within \$1,500 of its price.

The many extras on our large closed cars would cost much if you bought them. The nickel-plated bumpers, the extra disc wheels and cord tires, the steel trunk, the courtesy light, motometer, etc.

## Extras to our men

We pay the highest labor scale. Then we add extras to it.

Men who are with us five years or over get 10% of their year's wages in an anniversary check. Those anniversary checks last year cost us \$1,300,000.

After two years all employees get a week of vacation with pay. That cost us last year \$225,000.

Old employees who retire get pensions.

All this to keep men with us while they grow more and more efficient. To make them happy, so they do their best.

This is all paid by people who buy Studebaker cars. But we figure that each such dollar saves us five dollars. Don't you agree with us?

## The utmost in car value

The object is to give you the utmost in car value. You will find we do that if you make comparisons. In any Studebaker model, you will find scores of ways in which it excels any rival car.

That is why, in the fine-car field, the Studebaker leads. The demand has almost trebled in the past three years. These cars have become the sensation of Motordom. On some of these models we have never yet been able to meet the demand.

We spend money lavishly. We build without regard to cost. But, in our quantity production, we still bring costs to bottom.

You should learn what these things mean to you before you buy a car.

## Don't Buy a Fine Car until you see the leaders

Studebakers hold the top place in the fine-car field today.

Last year, 145,167 people chose them against all rivals. They paid \$201,000,000 for them.

For 72 years the Studebaker name has stood for the utmost in quality. It will never stand for less.

Today there are assets of \$90,000,000 staked on the Studebaker cars.

Don't pay \$1,000 or more for a car without knowing what Studebaker offers. You will find here some scores of advantages. Learn what they mean to you.

## Other costly extras

Our bodies are finished with 18 operations, including 15 coats of paint and varnish.

We use real leather upholstery. We could cut the price of our open models \$25.00 were we willing to use imitation instead of genuine leather.

We upholster our closed models in the finest Chase Mohair. Cotton or ordinary wool, or a combination of both, would enable us to reduce our price from \$100 to \$150 per car. But we would thus sacrifice Studebaker quality and reputation.

## HITTIN' 'EM —AND— MISSIN' 'EM

Rushville for its fourth consecutive year is entertaining visitors at a tourney. In the previous years the city and fans proved to be good hosts. Let's don't fall down on the job this year. Welcome the visitors, show them a good time—be good sports.

William H. Ball in defining the game of basketball says the greatest values are found in the realm of character-training for the youths. The teams belong to the high schools. He says further, "From the very beginning it has been a sportsman's game, conceived and perpetuated in the ideals of clean sport. While it is true that these ideals have not always been maintained by all players, this has been due to persons who ignore or deliberately violate the spirit of the rules as they have been formulated."

"Basketball is played between two teams, both of which are determined to win. This is as it should be; but some teams have so strong a desire to win, that victory is the only thing worth while, and defeat is not only loss but humiliation and disgrace. Under such conditions a team is sometimes led to do anything to win."

"To defeat a noted rival, to keep a complete sheet of games won, or to capture a coveted championship, is of greater moment, just then, than to play clean and maintain one's own self-respect and honor. A few—very few—coaches are so ambitious to establish a reputation for themselves and, incidentally, a record for their teams, that they secretly instruct their players in studied and skilful evasions of the rules, thereby taking unfair advantage of their opponents. The game should be no place for the trickery of the knave or the crook."

"It will be a great day for the youth of America when every team establishes as its standard and practice 'an Honorable Victory or None'. This is the ultimate objective of the game; to help develop men of high ideals and character, so that the nation shall be proud of them in every relationship of life."

"A few things should be remembered:

1. Athletics are, in a sense, simply modified forms of war combat. Low ideals or sportsmanship are leftovers from barbaric days when everything went, if you survived, win or die.

2. Youth is the period of keenest interest and participation in athletic contest.

3. Youth is the period during which character is rapidly and permanently fixed. Standards practised soon become habits formed.

4. Games are one of the most potent factors in character-training known to man.

5. Life itself is a game; and the basketball court is a laboratory where we conduct our early experiments in learning how to play, 'The Game of Life'."

"For when the one great Scorer comes  
To write against your name,  
He writes not that you won or lost,  
But HOW you played the game."

In carrying out the provisions of the above, the supporters of the various teams have much to do with it.

## HAVE COLOR IN CHEEKS

Be Better Looking—Take  
Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

Be good winners, and above all, be good losers.

BOOST YOUR HOME COUNTY  
TEAMS FIRST. LET'S PUT  
ACROSS A WINNER.

First game is to be called promptly at 9 in the morning. Tourneys wait for no one, and teams have to be on the floor at the appointed hour.

LOCAL SCHOOL OFFICIALS  
ARE IN NEED OF MORE BED  
ROOMS FOR VISITING PLAYERS.  
IF YOU HAVE ANY, CALL MR. BUTLER AT THE SCHOOL. THE  
SCHOOL PAYS 75 CENTS A NIGHT  
FOR BEDS.

Meals for teams and visitors will be served at the basement of the Main Street Christian church during the two day tourney.

### Not An Alibi, But Facts

Rushville will enter the tourney under handicaps. Walker, regular center, will be out in all probability on account of the injury that he sustained last Friday night, and Snoddy, fast forward, is in poor shape with his jaws swelled out on account of cutting wisdom teeth. Such is luck at tourney time.

New Salem is another tough luck team. Kenneth Wilson, their center, and the most accurate basket shot on any team, is out of the game on account of smallpox.

On the other hand, Connersville is rarin' to tear through on all fives, and it is up to someone to halt them.

Feb. 27, 1924

Arlington

Dear Hittin' 'Em—

We want to say to Side Lights that he had better get a little more side light on the subject. We do expect to beat Center and we do expect to beat Alquina.

Just tell Side Lights that Alquina will need more than the margin given her to start out with. Also Side Lights do you remember the scare Arlington gave Connersville last year. Connersville has another, one coming again this year along about Saturday morning from Raleigh, and then another Saturday afternoon from Arlington. By the time some of get through with Connersville, some of the feathers will be gone.

"GO GETTER"

The Arlington fan has the right spirit. The dope on scores to which is referred to, was not, however, the opinion of Side Lights, but was sent in by a contributor to his column. Here is another one, which appears in the Connersville paper from a man in that place:

### MORE SECTIONAL DOPE

Dear Side Lights—

Here is a little dope on the Rushville tourney:

Milroy 31; New Salem 15  
Carthage 35; Moscow 29  
Rushville 41; Manilla/20  
Everson 30; Webb 12  
Connersville 79; Gings 12  
Raleigh 25; Glenwood 16  
Alquina 24; Orange 19  
Arlington 32; Center 20  
Milroy 25; Moscow 17  
Connersville 45; Raleigh 22  
Alquina 28; Arlington 21  
Rushville 29; Milroy 21  
Connersville 41; Alquina 25  
Connersville 31; Rushville 21.

SAM HILL

Sam Hill probably thinks that Webb is a weak team. But his schedule does not hold water, because he has Webb getting beat by Everson in the first round, and then puts Webb against Rushville in the second round, after Webb had been eliminated in their first game. On the other hand, Hittin' 'em would wager that Arlington will have the best of Alquina.

New York—Young Fisher, Syracuse middleweight, has been accepted by the New York boxing commission as a "proper opponent" and will be permitted to meet Paul Berlinbach, New York, in Madison Square Garden tonight.

### ANOTHER CRAZY IKMIK

Another person has donated an interesting squib to Side Lights, in which the person is all mixed up. What's wrong with this:

#### Does This Suit You?

### To Protect Referees

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Feb. 28—To curb that greatest prerogative of the fight fan, the privilege of opening his mouth back to the ears and emitting the loud sound of what Babe Ruth calls "the berries", William Muldoon threatens to have a platoon of deputies from the boxing commission at the ring-side to give the air to any and all

who resort to the razz to relieve their feelings.

Muldoon has evolved the theory that a blue-coat and some brass buttons will be the restraint that will act as the silencer of the squawkers who boo and howl even before the decision has been given.

New Yorkers are the greatest skeptics in the world, and when the Duke said he would silence the great razz by the employment of special cops, it was suggested: "Who will stop the cops from squawkin'?"

## MORE ROOMS ARE NEEDED

Not Enough to Accommodate Basketball Teams at Sectional

E. B. Butler, principal of the Rushville high school, who is in charge of the annual sectional basketball tourney which gets under way in the morning stated today that applicants had fallen down in offering bed rooms for the visiting teams.

In years past, the list has always exceeded the demand, but today only one half of the teams had been supplied with places to sleep. The school officials pay well for the lodging, and those who have a room or two, are asked to call Mr. Butler.

### TRAINING CAMP TABS

Sarasota, Fla.—"Bill Terry", former Toledo first baseman, holds first place among the Rookies here trying for places on the bench of the New York Giants. Terry, for whom the Cincinnati Reds offered \$50,000 smacked one over the center field fence yesterday and made a mark for the sluggers.

Clearwater, Fla.—Zack Taylor, Bernie Neis, Bert Griffith and Johnny Jones are still keeping intact the list of Brooklyn holdouts. They may all get the air, unless they sign, according to President Ebbets. Dutch Ruether has advanced so far in his training that has been ordered out of work.

Cataline Island, Calif.—Bill Killefer, Cubs' pilot, will keep nine pitchers on the Cubs squad this year, he announced. Fourteen are in training under his critical eye. Rip Wheeler, from Wichita Falls and Elmer Jacobs and John Blake, former Seattle hurlers, will fill the openings for green slab timber, Killefer indicated.

## Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no loss of time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 2718 MacArthur Avenue, Manassas, N.J. Better cut out this notice and show it to any other who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Kring's orchestra of Richmond furnished splendid music for the dance following the dinner. A few out-of-town guests were present for the social function.

At the meeting of the Band of Workers of the First Presbyterian church held Wednesday afternoon at the home of Mrs. Helen Pierson in West Third street, arrangements were made to hold an exchange March 8, the place to be announced later. A large attendance, including a number of guests, were present for this meeting and enjoyed a splendid social hour following the business period. In the serving of refreshments the hostess was assisted by Mrs. John Boyd and Mrs. Ed Beer.

Mr. and Mrs. Isaac Baker entertained Tuesday evening at their home in Glenwood, honoring the latter's uncle, William Beckett, it being a surprise party for his birthday anniversary. Music was furnished throughout the evening by some of the guests and an enjoyable social evening was spent by all present. The guests included Matthew Reynolds, John Mapes, Travis McConnell and son Everett, Otto McConnell and Russell Kennedy. Refreshments of ice cream, cake and crack-cake were served during the evening.

The American Literary Club was delightfully entertained Wednesday afternoon at the home of Mrs. Florence Abernethy in North Perkins street. The roll call responses were Indiana authors and they were followed by a short business session. A very interesting program was given, beginning with an interesting paper

on "Indiana Dramatists," by Mrs. Charles Fisher, followed by a paper on "Indiana Humorists," by Mrs. Addie Dugal. Delicious refreshments were served by the hostess during the social hour.

At the First Presbyterian Missionary meeting on Tuesday afternoon at the home of Mrs. Joe Cowing in North Main street, the following officers were elected for 1924: president, Mrs. Rena Warner; first vice-president, Mrs. Gibson Wilson; second vice president, Mrs. Wilbur Snodgrass; treasurer, Mrs. John Morris; secretary, Miss Minnie Beale; secretary of Literature, Mrs. Bert Mullin. During the business hour the members voted to meet their apportionment by free will gifts. Forty members and guests were present and had the pleasure of listening to a fine program.

The Elisha Arnold Chapter, D. A. R. observed guest day Tuesday afternoon at the home of Mrs. Altha Hurst. Responses to roll call were "Noted Colonial Characters," A musical program was given by Mrs. Albert Updike, and Mrs. Will. Frow read an interesting paper on "Picturesque Spots of Indiana." After the program a delicious two course luncheon was served. Guests at the meeting included, Mrs. G. W. Thomas, Mrs. Horatio Havens, Miss Laura Hilligoss of Rushville, Mrs. Ross Hutchinson of Arlington, Mrs. Elmer Perkins, Mrs. Claude Adams, Mrs. Glenn Carr and Mrs. Lon Orme of Homer.

On Tuesday afternoon of this week Mrs. E. W. Caldwell entertained the members of the Glenwood Sorority club at her home in West Fourth street. The members present responded to the roll call with an island beginning with the same letter as their name, and short talks were given by each member on the island they responded to the roll call with. A paper on "Australia" was read by Mrs. Charles Newhouse and Mrs. A. J. Britt, read a sketch on "The Coast of Corsica." At the conclusion of the program refreshments were served, which carried out the color scheme of pink and white. A large bowl of pink and white carnations centered the dining table.

Mrs. Mary E. Junken was delightedly surprised at her home in Arlington on Wednesday, when her relatives and friends gathered with well filled baskets of delicious eats, it being the occasion of her 82nd birthday. ## CONFESSION PLACED BEFORE GRAND JURY

Gladys Ellis, Slayer of Indiana Woman's Prison Matron, Awaits Fate in Solitary Confinement

## INTENDS "TO GO TO THE CHAIR"

(By United Press)  
Indianapolis, Ind., Feb. 28—In solitary confinement, Gladys Ellis, confessed slayer, today awaited action by the Marion county grand jury.

Her confession that she killed Miss Louise Richards, matron at the woman's prison when the matron attempted to stop her flight from the prison was placed before the grand jury this morning with other evidence gathered by police and detectives.

The girl, with a criminal record dating back to her childhood, told prison officials who questioned her that she wanted to "go to the chair and get it over with."

Although she was known as an incorrigible at the woman's prison, she has been resigned and indifferent since her arrest Tuesday night.

"I never knew what a home was," she said. "My father and mother separated when I was only about three years old. I lived with some distant relatives for a while, and then my parents went back together."

Her mother committed suicide when she was nine. At the age of 12 she was sent to a girls school for stealing a diamond ring. Since that time her life has been a succession of sentences and paroles.

## MEMORIAL TO T. M. GREEN IS ADOPTED

Memorial to the late Thomas M. Green, last charter member of the First United Presbyterian, has been adopted by the church session as follows:

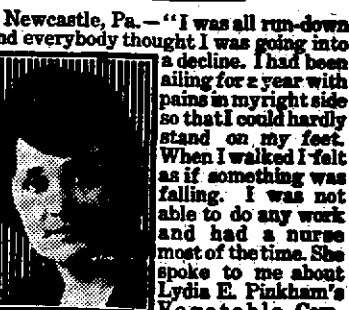

When on Saturday, February 2nd 1924, Elder Thomas M. Green, clerk of our session was called to his reward; there was taken from us one whose life had been interwoven with all the history and growth of our congregation's activity.

Mr. Green was born at Milroy, Indiana, September 16, 1853. He was a life long member of the United Presbyterian Church, and was the last of the sixteen charter members of this congregation to depart, by death or removal. For many years he served this congregation faithfully and ably as one of its ruling elders, his knowledge of the law and procedure of the church was full and accurate, the session largely depending upon him for advice and guidance in matters of importance. He was a man of positive convictions and forceful and fearless in maintaining them, kind in his sympathies, faithful in the discharge of duties and deeply interested in the Master's Work. He was a consistent and careful student of the Word and reflected its principles and teachings in his daily walk and conversation.

As a member and official of the church he leaves a record for faithfulness and efficiency rarely equalled. His activity in church work not being limited to the duties of eldership, but embraced all departments of the church. His most active work in connection with this congregation was as Superintendent of the Sabbath school, where he rendered most

## WOMAN AILING FOR A YEAR

Took Lydia E. Pinkham's Vegetable Compound—Happy Results

Newcastle, Pa.—"I was all run-down and everybody thought I was going into a decline. I had been ailing for a year with pains in my right side so that I could hardly stand on my feet. When I walked I felt as if something was falling. I was not able to do any work and had a nurse most of the time. She spoke one about Lydia E. Pinkham's Vegetable Compound, so I gave it a fair trial. Some women think one bottle should cure them, but I did not stop at that. I took more and got better, and am able ever since to do my own housework. There was a time, when I would complain of not feeling well, that my husband would say, 'Go to the doctor.' But now he will tell me to get a bottle of Lydia E. Pinkham's, and it has always helped me. I have had druggists tell me that they tell me that now, for I take no other. I have been taking the Vegetable Compound now for five years. Any woman who cares to call or write, I will be glad to tell her how it helped me. Mrs. MABEL LESTER SHERMAN, 515 Maxwell Ave., Newcastle, Pa. For sale by druggists everywhere."

faithful and effective service for many years, always having made careful preparation in advance.

As a session we hereby express our own deep sense of loss we have suffered by his departure, a loss personal and official, and tender to his family and friends our profound sympathy in their bereavement and sorrow and commend them to the Great Comforter in whom he trusted throughout his useful life.

Upon motion this memorial was unanimously adopted, and the same was ordered spread of record in the minutes of the session and that a copy be sent to the members of the family, and that the same be published in the local papers.

E. G. McKIBBEN, Moderator  
B. L. Trabue, Acting Clerk.
